

Agenda for 2/8/23, climate committee meeting, Wednesday, 2/8/23 at 10:30 AM.

1. Committee business:

approval of minutes of previous meetings

efforts to fill committee vacancies

outreach efforts

2. Updates on current projects:

planning for solar power for town offices

3. Discussion of possible future projects:

Community Power. Also note that the Community Power Coalition of NH has been hosting educational and outreach events on this topic. A recording of a recent webinar is available here, and another session is set for February 23, 5-7pm

Public health: assisting the town in preparation of lists of vulnerable citizens and other ways of improving responses to emergencies.

4. Committee report to Select Board: We are preparing a short summary of our current activities that might be sent to the Select Board to get their feedback and support for our work. We will present an initial draft at the meeting for discussion.

5. Future meetings: Upcoming meetings will be held at 10:30 am at town hall.
